

Lovatt & Ricketts®

MAKERS OF FINE ENGLISH SADDLES

Our L & R® *Ellipse™* D1 saddle is designed for the broad shouldered, flatter backed breeds such as the Arabian, Morgan and cob types. It has a hooped tree being more open in the pommel area, a flatter profile in the panels to accommodate the broader backed horse.

The *Ellipse™* features a deep central seat with a sculptured waist for the ultimate in close contact for the rider. Extended stirrup bars or 3 position adjustable stirrup bars place the legs in a correct position. Pure wool stuffed close contact panels with moderate knee rolls blending into a sculptured channel which allows the rider's thigh bone to "fall away" effortlessly from the pelvis. A choice of flap lengths and custom options are available at additional cost. Long billets are standard but 6 short billets can be custom ordered.
